

## Sunday School at Montview

On Sunday, April 14, we looked again at the familiar story of Jesus and disciples on the road to Emmaus. We had matzo and grapes for snack to follow the story. Jesus was revealed when he blessed and broke the bread at a meal these travelers shared. We did a prayer wheel and foil rubbing projects and looked at images of The Praying Hands and its' creator, Albrecht Durer as parts of our multiple-intelligences approach to our curriculum.

Our fifth grade students visited JAM in the morning, the middle school Sunday School class, to get a preview of next year. They had a wonderful time and we are grateful to the JAM teachers who made them feel at home!
