

Co-Pastor Nominating Committee Update – May 2025

The Co-Pastor Nominating Committee (CPNC) has been meeting weekly and making significant progress, completing all required documents, including the “12 Questions” and Ministry Discernment Profile, which have now been approved by both Session and the Presbytery. This marks an important next step in our ongoing search for a new Co-Pastor, with the job description now posted online [here](#). We encourage everyone to share the link to the job posting, and if you have any nominations, please send them to cpsearch@montview.org. To support this effort, we’ve engaged PneuMatrix, a respected consulting firm specializing in pastoral searches, whose work complements the CPNC’s responsibilities as we also pursue candidates through traditional channels like the Presbytery, social media, and our community networks.
